Welcoming
Message

We would like to give a hearty welcome to all participants. As a place to share a new global partnership of countries with ICT experts from all around world, “2017 Global ICT Seoul Forum” will be held at the Faculty House, Seoul National University on November 9th 2017, organized by the Ministry of Science and ICT(MSIT), Seoul National University-International IT Policy Program (ITPP), and Korea Advanced Institute of Science and Technology-Global IT Technology Program (ITTP).

This year’s theme is “Global Commercialization Industry 4.0.

Followed by last year’s success, this forum will gain stronger ground as an International knowledge sharing partnership event by inviting government officials and international scholars and industry experts. At the same time, the forum is to be expanded as a place of higher education and research cooperation.

We would be honored with your attention and participation in the 2018 Global ICT Seoul Forum guiding direction of cultivation global talent for better tomorrow.

International IT Policy Program of Seoul National University
Director of ITPP, Prof. Junseok Hwang

Global IT Technology Program at Korea Advanced Institute of Science and Technology
Director of ITTP, Prof. Jaejeung Rho
